

Extension is Everywhere

NC State Extension helps create prosperity for North Carolina through programs and partnerships focused on agriculture, food and nutrition, and 4-H youth development. We don't just conduct groundbreaking research; our people deliver solutions directly into the hands of North Carolinians.

\$264.4M

in annual economic impact on North Carolina.
\$18.1M value in hours worked by volunteers.

In 2016, we connected with
1,873,934
people in **13,000** programs.

Extension give North Carolina a
5-to-1 ROI

Here are just a few examples:

Our Support Team

● State of N.C. \$39.7M	Profitable and Sustainable Ag	\$130.1M

Extension Focuses On...

FEEDING OUR FUTURE

NC State Extension connects growers with research-based information and technology. We help keep North Carolina's \$84 billion agriculture industry growing and sustainable.

228 county employees

763,441 face-to-face contacts

58,416 consumers increased awareness of the value of local agriculture

4,140 Master Gardener volunteers

63,929 crop producers adopted best management practices

\$84 billion value of N.C. agriculture industry

Note: Not all county employees are not affiliated with a single program area.

IMPROVING OUR HEALTH

Extension educational programs range from local foods and home gardening to food safety and food preservation. We help people make healthier decisions and live better lives.

119 county employees

327,966 face-to-face contacts

1,955 food service employees trained in safety and health

60,704 SNAP-Ed program educational contacts

2,000 Eat Smart, Move More, Weigh Less participants

29,802 North Carolinians increased their consumption of fresh fruits and vegetables

ENRICHING OUR YOUTH

Extension's 4-H program is the largest youth development organization in North Carolina. We help over 247,000 young people grow into active, contributing citizens each year.

111 county employees

422,948 face-to-face contacts

196,843 hours donated by 4-H volunteers

247,000+ 4-H'ers

16,997 attended 4-H camp

4,495 teachers used 4-H programs in their classrooms in a year

132,970 youth gained more knowledge in STEM (Science, Technology, Engineering, Math)
