

Wilson County Extension Intern

Location: Wilson County, NC

Program Area: 4-H Youth Development, Family and Consumer Sciences

Immediate/Site Supervisor: Taylor Crumpler

Other Mentors and Supervisors: Allison Matthews, NCSU 4-H Agent; Kenyatta Dixon, NC A&T 4-H Agent

Position Description/Responsibilities:

- The intern will primarily assist the FCS Agent and 4-H Agents with various programming ventures, mainly 4-H Summer Fun
 - 4-H Summer Fun consists of multiple day camps that focus on activities such as cooking, STEM programs, and agricultural-based projects
- The intern will help gather and create draft recruitment materials for adult and youth nutrition programs, as well as, other programs related to maintaining good health and physical fitness
- Intern may also assist with agriculture, livestock, and horticulture programming throughout the internship experience

Additional Information

This intern position will have the opportunity to work in all program areas of Extension. The work environment will vary from in the office to outdoors.

Come prepared to work like an extension professional, willing to work in a variety of environments and with people from all backgrounds!

Preferred Qualifications/ Previous Coursework:

- Preferred coursework in Youth Development/Education and/or Nutrition
- Should be self-motivated
- Possess time management and public speaking skills
- This internship will also work directly with youth of all ages, therefore the intern must be skilled at interacting with and managing children in a positive and effective way

Benefits/Skills student will gain through this internship:

- Intern will learn about Extension as a whole and the impacts of Extension in Wilson County
- Gain experience creating, developing, and implementing programs
- Learn the basics of food preservation and teaching techniques involved
- Will explore career options available within Cooperative Extension
- Gain practical, hands-on experience in Extension work
- Build valuable connections with the Extension community and industry
